Who We Are

PePcon: The Print + ePublishing Conference was founded by publishing gurus David Blatner and Anne-Marie “design geek” Concepción, the same team that runs two of the web’s top publishing and design sites: InDesignSecrets™ and CreativePro.com®.

PePcon has been a huge success in North America since 2010, dedicated to the proposition that in today’s world, creative professionals and publishers need to think about print *and* e-publishing—not “or”!

With over 50 years combined experience, David and Anne-Marie bring together the best of the best at this 2014 event, offering world-class, real world, relevant information to help designers understand the newest technologies, and navigate the myriad choices when publishing to print, tablet, and desktop.

PePcon 2015 — Philadelphia, PA

PePcon 2015 will be held June 1–4 at the downtown Philadelphia Marriott! PePcon is a three-track event with over 20 experts from around North America and Europe presenting over 30 sessions and workshops. The last five PePcon events sold out; [register now](http://pepcon.com) while we still have seats available!

PePcon: The Faces of the Publishing Industry

PePcon features the top speakers and experts in the field of print and ePublishing, including best-selling authors, internationally known trainers, and consultants on the front lines of the publishing industry. We have built a reputation as the premier Adobe InDesign-focused event in North America, and our speakers are the heart and soul of what makes this *the* print + ePublishing conference.

Adobe and other leading developers recognize the value of finding so many thought-leaders in the same place, and each year send product managers and engineers to PePcon to meet and interact with our audience. PePcon's community of publishers, designers, and developers makes it a unique opportunity for attendees, sponsors, and speakers alike to share and learn.

PePcon: Our Audience

Our attendees are professional designers, production artists, trainers, and publishers interested in keeping up with best practices and the newest innovations in software and publishing workflows. Our audience spans a wide spectrum of experience, from “newbies” to “mavens.”

Attendees at previous PePcon events have included designers, production staff, and educators from organizations such as American Council on Education, American Funds, Boeing, Costco, LifeWay, NASA, Starbucks, Random House, National Gallery of Art, National Science Foundation, The Smithsonian, Walmart, Wiley Publishing, and The World Bank.

PePcon is international — PePcon draws attendees from six different continents! (Unfortunately, no one has come from Antarctica.)

PePcon is community — Whether you’re an educator or art director, production person or prepress-operator-turned-html-codemonkey, PePcon brings you together with others who are working to solve the same kinds of problems you are.

PePcon is content — With a focus on InDesign and the Adobe Creative Cloud as the hub of publishing, PePcon helps you separate the wheat from the chaff, leverage your creative intelligence, and become a successful print + ePublisher!
